

Please measure each dimension as accurately as possible in mm and fill in the right-hand column.
 For single slots just fill in 'zero' for 'L'

C	Centre distance: C1, or C2 may be easier to measure – from the right-hand edge of the right-hand slot in the left upright to the same position – right-hand edge of the right-hand slot in the right upright. It's the same as C1	mm
P	The Pitch, from the top of one slot down to the top of the next one down.	
SD	Slot depth	
L	The Land between the slots	
WDS	Total width of both slots
